~Create functions in Python and Bash Shell
Script

EDUCATION

**Bachelor of Fine Art | Savannah College of Art and Design
(SCAD), Atlanta, Georgia**

Major: Visual Effects (VFX) | Minor: 3D Animation
Concentration: Lighting, Texturing, and Compositing
Expected Graduation | May 2020

EXPERIENCE

Fall 2019 – Present | SCAD Savannah, Georgia

Lighting and Compositing | “Our House is on Fire” – Greta Thunberg

As Director, VFX Coordinator, Lighter, and Compositor for my Senior Film, “Our House,” I oversee and collaborate with 23 incredible artists from the VFX and Animation Departments. The film is about climate change and focuses on Greta Thunberg’s crusade for world leaders and corporations to change its destructive practices of emitting carbon and greenhouse gases into the environment.

Spring 2019 | SCAD Atlanta, Georgia

Assistant VFX Supervisor | VFX Department

Selected as one of the top 5 VFX Artists by my professors to work as a Compositor and Assistant VFX Supervisor using Nuke in SCAD’s inaugural television pilot – “What’s After,” a spin-off of Star Trek. I collaborated with a team of skilled artists from various disciplines to create a spectacular television show.

AWARDS

2019 | Selected by my professors to work on SCAD’s First Television Pilot as a Visual Effects Artist | Featured in *Voyage ATL Magazine* “Meet Micaa’ Thomas” | SCAD Dean’s List | First SCAD Golfer to compete in four consecutive National Golf Championships.

2015 – 2019 | Active Member of SCAD Atlanta’s SIGGRAPH Chapter | SCAD Dean’s List | First SCAD freshman to win Medalist Honors at the Appalachian Athletic Conference Championship | SCAD Golf Coach’s Awards (2016 – 2017) | Inducted into the African American Golfer’s Hall of Fame | Featured on the Golf Channel and Sports Illustrated for “Shot of the Day,” while competing with Olin Browne, Professional Golfer, at the Nature Valley’s First Tee Open in Pebble Beach, California.
